May 19, 2010

Hello Northern Lebanon,

I would like to introduce myself as the Director of your new Parks and Recreation Commission. My name is Suzanne Guirate and I have been working as a Program Coordinator for Whitmarsh Township, Lafayette Hill, PA for about five years. I have two young children who are eager to make the move and get settled into our new home this June.

As the Director of the Northern Lebanon Parks and Recreation Commission, my vision is neighborhoods coming together for fun, entertainment, education, sport, and family togetherness. My goals for this next year include offering various youth summer camps, trips, a preschool program, and a Touch A Truck Day. One of the biggest challenges for the NLPRC will be publicity. Watch for program information about upcoming events in the township newsletter and sent home through the schools. If you would prefer to have Recreation updates mailed or e-mailed to you, please contact me at [sguirate@norleb.k12.pa.us](mailto:sguirate@norleb.k12.pa.us), or call me at 865-5425 x7103. I encourage suggestions and feedback so that I can better serve your needs.

In addition to your participation, we are also looking for your support. Volunteering your time, donations, sponsorship, and offering your skills and services is key to the department's success. Are you an adult fitness instructor? retired pre-school teacher?, do you have an interesting trade or hobby?...., we need your experience. We can't do this alone. Please contact me if you have any programming ideas or gifts to share.

Sincerely,

Suzanne Guirate  
Director of Parks and Recreation
